### **Product Description**

## **Firman 10,000w Portable Generator P08008**

Whether you prepare your home for an approaching storm or power up for your next event, this generator provides power on demand with 8000 running Watts and 10000 starting Watts.

The FIRMAN P08008 is an ideal choice of portable generators from our class of performance generators and can do almost anything you need!

This is the complete package with the best FIRMAN has to offer, where performance and safety go hand in hand. Our latest CO Alert technology is built for safety and will shut down as soon as harmful levels of carbon monoxide are detected.
