Product Description

HCS-3020 Features

- 21.2 cc professional-grade, 2-stroke engine - delivers outstanding power
 - Front facing exhaust - prevents bush browning
 - Leaf collector - helps sweep away cut material for a cleaner finish
 - Single-sided, double-reciprocating RazorEdge™ blades - precision ground and laser cut for long-lasting sharpness
 - Commercial-duty air filtration system - allows longer run times between routine maintenance
 - Heavy-duty gear box - offset gear box positioned below the handle frame for a precise cut on the first pass
 - i-30™ starting system - reduces starting effort by 30%
 - Front-hand safety guard - reduces accidental contact with moving blades
-
