Product Description

Trophy Tower Curtain Kit RD-CRT55TT

The Magnetic Curtain System for Redneck's fiberglass hunting blinds is a perfect accessory to keep you hidden when spying on that big buck.

The Magnetic Curtain System includes a camouflage mesh curtain for every window as well as blackout curtains for the side and back windows. Once you add the provided metal clips to your blind's windows, the Magnetic Curtains can be easily attached or removed with the sewn-in magnets in each curtain.
