Product Description

Soft Side Camo 6X6 Blind with 6' Stand RD-SSCAM

With its spacious 6-foot by 6-foot interior, there's plenty of room for up to three adults or two adults and two children to hunt comfortably—whether that's with a bow, gun or crossbow. The Soft Side 360° Camo Deluxe 6X6 Blind sports a heavy-duty double-stitched 600 denier flame-retardant cover available in RealTree® Timber, and the double-zipper design allows the windows to be opened to any configuration for maximum visibility while maintaining the highest level of concealment. The camo cover features brush in straps pockets and bungee cords so you can brush in with native foliage to hide it from your trophy buck or that huge gobbler.
